Letter from the President

Fellow Members & Breeders,

Hope the weather been good to your operation. I think most of the state has seen a least a little rain in the last 30 to 45 days.

I am going to give a little plug to the Texas A&M Beef Cattle Short Course coming up in August at Texas A&M.

I have attended this event the last 4 or 5 years and I think that even if you think you know it all, you will still learn something. There are so many different events that you will have to figure out which of them will benefit you the most. If you are a registered breeder they have some excellent speakers on this subject as well as on pasture management, nutrition and herd health to mention a few.

You will be fed one of the best prime rib dinners you will ever eat. The Texas Cattle Women also have a ribeye dinner on Sunday night that can't be beat.

The really good thing about it is you will get to see a lot of fellow cattle people there including our good friend and TBBA Director Steve Densmore.

Look forward to seeing you there.

Till Next Time,
Doug Muenchow

Beef Checkoff Vote Validation

A sample of random voters will be contacted as part of the verification process.

Although not every participating voter will be contacted, it's important that voters be prepared to ensure a quick and accurate tally of votes.

To provide proof of eligibility, ranchers may use feed receipts, a bill of sale/auction, business records, check stubs or another document that demonstrates ownership of beef cattle between June 6, 2013 and June 6, 2014.

Proof of eligibility must be submitted to the TDA within seven days after a rancher is called by TDA. Proof of eligibility may be submitted via mail, fax or email.

After TDA receives the documentation, it will then determine whether or not that person's vote is valid or invalid due to eligibility.

The ballots of ranchers who do not provide appropriate documentation, if requested, will be deemed invalid and not counted.

The results of the referendum will be announced after the TDA has sufficiently validated the checkoff votes and is confident in the result.

Additional information about the validation process can be found at: <http://bit.ly/1r8EnKi>.

Information about the checkoff itself can be found at TexasBeefCheckoff.com.
